Science Mania

Harnessing Heat – Take-on temperature! Build a thermometer and heat things up with friction. Feel how hot and cold can change at a touch. Apply your red-hot knowledge to your Heat Sheet.

Lights...Color... Action! – Catch some cool colors and make a rainbow out of white light. Split your name with ink and reveal numbers with color filters. Color the world with the Technicolor Blender.

Magnetic Magic – Explore the power of magnets. Create electromagnets and control a compass needle. See a magnetic accelerator in action. Grab a Magnet Lab for some at-home research.

Mission: Nutrition – Step into some healthy habits. Put together a food pie and lay out a perfectly proportioned meal. Burn calories and shake up an emulsion. Clip on your Step-O-Meter and walk on!

Optical Illusions – Work against your eyes. Trick your brain with lines and coils. Discover how mirrors and their reflections can play tricks on what you see. Make a Periscope to see above and beyond.

Sonic Sounds – Uncover the source of sound! Tap into sound waves and fill your ears with vibrations. Create sound effects and change the pitch of your voice. Use your Sonic Horn to make noise.

Tantalizing Taste – Use your sense of taste. Magnify your taste buds and unplug your nose. Find your favorite flavor and try a carbonated taste test. Sort out the scents with the Scratch 'n Match Take-Home.

Watts-Up – Charge up on static electricity. Make indoor lightning and conduct hair-raising experiments with an electro-static generator. Use your Static Stick on electrons at home!
